

COOKIE POLICY

Last updated: 04.07.2025

Cookies. What are they?

Like most professional websites, this site uses cookies, which are small files downloaded to your computer, to enhance your browsing experience. This page explains the information collected by these cookies, how we use them and why storing cookies is sometimes necessary.

How do we use cookies?

We utilise cookies for several purposes, as outlined below. In most cases, there are no industry-standard methods to disable cookies without entirely impairing the functionality and features they provide to this site. Therefore, it is advisable to keep all cookies enabled unless you are certain you do not need them, as they may be essential for services you rely on.

Disabling Cookies

You can block cookies by modifying your browser settings (consult your browser's Help section for guidance). Keep in mind that disabling cookies may disrupt the functionality of this site and many others you visit. Turning off cookies often leads to the loss of specific features and site functionalities. For this reason, it is advisable to keep cookies enabled

Changing your Cookie preferences

You can manage your cookie preferences directly on our website by using the widget located on the left side of the screen. By clicking on this widget, you'll have the option to adjust your cookie settings according to your preferences. This allows you to enable or disable specific types of cookies and tailor your browsing experience to your needs.

The Cookies that we set

Our site provides newsletter and email subscription services, and cookies may be employed to track your registration status and manage notifications that are relevant only to subscribed or unsubscribed users. Additionally, when you submit information via forms, such as contact, cookies may be used to store your details for future communication.

Third-Party Cookies

In some instances, we utilise cookies from reputable third parties. The section below provides information about the third-party cookies you may encounter on our site.

We employ Google Analytics, a leading and trusted analytics tool, to analyse how you interact with our site and identify opportunities for improvement. These cookies can track metrics such as your visit duration and the pages you view, which helps us create more engaging content.

For more details on Google Analytics cookies, please refer to the official Google Analytics page.

Additionally, third-party analytics tools are used to measure and evaluate site usage, enabling us to enhance your experience. These cookies collect data on aspects such as time spent on the site and page views, informing our efforts to improve the site's functionality and content

More Information

We trust this information has provided clarity. As previously mentioned, if you're uncertain about the necessity of certain cookies, it's generally advisable to keep them enabled to ensure that all features on our site work as intended. Should you need further assistance or additional details, please don't hesitate to reach out to us.
